## From the Editor

**H**ow time flies! It seems like just yesterday we were mourning the end of racing season and bravely facing the long, cold winter months until we could come out of hibernation and get back to our favorite sport. By now there have already been two meet weekends completed (results and write-ups coming in the next issue), and many of us are emerging and making our first appearances of the year at race practice, getting our dogs back in shape for another exciting season of racing what we show and showing what we race.

This Annual issue of *Line and Lure* is a retrospective celebration of incredibly competitive year of racing and showing that was 2011. For the very first time, we have **100% participation** in the Top 10 ad feature, and only a few missing photos in the Honorable Mention pictorial. THANK YOU to everyone for participating in this important historical reference! Once again, I must extend very special thanks to Lisa Ochoa, who really went above and beyond the call of duty by volunteering to help out with ad design. THANK YOU Lisa, for producing so many beautiful ads. I couldn't have gotten this issue done without you!

The next issue will be our annual **Memorial issue**, featuring tributes to human and canine friends loved and lost. Though always bitter-sweet, sharing your memories of your dearly departed helps keep them close in the hearts and minds of all who loved them. Of course, regular advertising is always welcome. Please get your ads and other submissions to me by **April 30th**.

Here's wishing everyone safe running, fun times, great friends, and much success in 2012.

✂ Beth Levine  
Editor, *Line and Lure*

Banjo is the dog who started our love affair with racing, and with whippets in general. He is going on 12 now, but has not lost his love of running, nor of going on ALL the trips (whether running is involved or not). So of course he sees and is seen wherever we are.

THANK YOU Jean Balint for letting him come home to us all those years ago. We have treasured every single day with THE MAN.

**Bred by Jean Balint • Owned and Loved by Lisa Ochoa & Pat Reynolds**

AKC DNA #V594514. CERF Clear, OFA heart normal, thyroid normal

## **Lookout Nonstopp Kamikaze ARX NARX**

Owned and Loved by Barb & Fran Hearley.

Kazi finished 2011 as #6 race dog. He made his FTE at the 2011 CWA National in Milwaukee, and finished second. He finished his ARX in three meets, and won three of the six meets he ran in 2011.

*Racing photos by Ule James.*

**We are very proud of Rafa's kids from his first litter, bred by Carolyn Perkins, out of "Lola" FC Lookout Dangerous Curves WRCH FCH OTRM-III**

## **Lookout Nonstopp Leapin Lizard**

Thanks to an inopportune season, Lizzie only ran four meets in 2011, but did earn ARX points at every meet. She now has 11, and we hope to finish her ARX this year. She is a charming and very smart young lady, and totally devoted to her Suckerdaddy Pat. Lizzie is CERF clear and thyroid normal.

## **Lookout White Russian CRX OTR (not pictured)**

Owned and Loved by Joanne Stewart. Nikolai ran mostly on the oval track, and finished 2011 with 3 ORC points in very tough competition.

# Grading Guide Updates and New Policies

The 2012 Grading Guide and all updates (including new PR titles and stats) have been posted to the CWA site. This is always a rather time-consuming operation, but the end result is always worth the effort, to start the new year with a Guide that is spiffy and shiny clean.

As I was sprucing things up for the end-of-year stats, I made a few changes to the Grading Guide format. Most of them are of no consequence to anyone that's not a complete nerd. =) However, one change should be noted by race secretaries and participants.

In setting up the stats for the Performance Racer titles, I tracked the last year that each dog ran a complete meet. I then added a column to the Guide to track that data, and removed all dogs that have not run a complete meet since 2008 from the main Guide and put them on the Archive guide. I will update the Guide at the end of each year and remove those from the oldest year that have not run, so that from now on only dogs that have run within the past three years are seen as "active."

What this means is that if you want to run a dog that has not been entered in a meet for several years, it can be found on the Archive Guide on the CWA site. You should let the race secretary know so that there is no confusion come race day. If the dog runs a complete meet, I will restore it to the Active Guide when processing the results.

If you have any questions about this new policy, please feel free to let me know. I can be reached at [LMOWHIPPET@hotmail.com](mailto:LMOWHIPPET@hotmail.com).

## Performance Racer Titles and Certificates

All Performance Racer titles earned in 2011 are published elsewhere in this issue and on the CWA website: [http://www.continentalwhippetalliance.com/2011\\_PR.htm](http://www.continentalwhippetalliance.com/2011_PR.htm)

Certificates have been created for all the Performance Racer base level titles earned in 2011 and have been mailed to regional contacts to distribute at upcoming race meets. If your dog earned a higher PR title (e.g. a PR-2 or higher), certificates are available by request only to Linda Buchholz at [swiftsure1@shaw.ca](mailto:swiftsure1@shaw.ca).

*Photo by Marc Stumbo*

We are still amazed at what Beau has accomplished in CWA racing. His tremendous natural talent has been a dream for us from day one, starting with back-to-back meet wins at his debut weekend in 2010. And his racing only got better in 2011, as he learned to break well from the box instead of relying only on his finishing speed.

Beau raced in 20 meets in 2011. He finished the year with 12 meet wins and one meet tie, five seconds, and made the top ten both days at the 2011 CWA National. He also finished his SRA title, which was a huge bonus.

*We have great memories of the 2011 season,  
and met many new friends along the way.  
We are looking forward to 2012 racing.*

Kazi didn't start racing till the end of the season, but showed very quickly that he is a force to be reckoned with. He made his debut at the CWA national and finished second, then finished his ARX in only three meets. He ended 2011 with three meet wins in very tough competition, and was #6 for the year after only six meets.

Kazi's intensity on the field is matched only by his extreme sweetness at home. We are very proud of our silly boy with the big heart, and can't wait to get started in 2012!

KAI had a wonderful 2011:

- #1 CWA Conformation, with the highest points ever earned by a bitch in a year
- Best Opposite Sex Adult at the CWA Annual Fun match for the second year in a row
- #4 Show Whippet in Canada, with multiple group wins, lightly shown in local area only
- Won 3 Canadian Specialty shows in July
- Finished her American Championship from Bred By Exhibitor class

We are so proud of our beautiful show girl who loves nothing more than chasing the bunny. We look forward to presenting her in the ring, on the track and on the coursing field..

## 2011 #3 CWA CONFORMATION

Tailor finished his ARX at the last CWA meet weekend of 2011, at just shy of six years old. His was the fourth ARX earned by our dogs in 2011. We are very proud of this accomplishment. He's had so much fun that we wish we had raced him sooner.

Tailor was equally successful in the ring, where he showed his heart out for me and ended up as Number Three in conformation for the year.

An ultimate do-it-all dog and renowned for his Gene Simmons-esque racing tongue, we are so pleased with **Smoke's third consecutive Top 10** placement this year, the only dog to accomplish this in the past 4 years. He was the top Canadian dog in 2009 and 2010, and at the age of 5 finished with another Top 10, averaging a B grade most of the year and gaining his PR4 with typical enthusiasm and heart. Another nice accomplishment to add to his 13 new titles in 2011 alone. *Smoke* is an amazing part of our family – we love you, Bear.

We are thankful to breeders Linda Buchholz, Karen Lee and Jeff Bowra and for all the helpful club members and wonderful judges!

## 2011 #7

### Conformation Dog

TJ is proud to represent Northern California as the #7 CWA Conformation Whippet for 2011. At the rather advanced age of five, this was his first full year of CWA racing and match competition. He only competed in our four local CWA events to gain his status, placing first, second, fourth, and first in the matches. My thanks to the judges who liked him.

An enthusiastic lure courser, TJ spent the previous several years learning that just because he was running after a lure, it was not necessarily going to turn right 40 yards before the finish line. Handsome he may be, but bright he is not!

TJ is the son of two whippets whom I admire, Bryce and Pie, both of who were speedy and clean racers in their day, as well as being conformation champions of some note. TJ hopes to continue to enjoy racing as a High C-Low B in 2012, and he also hopes (well, I hope) that he can manage to get that elusive final major, so he can become a show champion and retire his crown as the "Reserve King".

I couldn't be more proud of this cheerful and charming little red pixie. And, not yet two years old, she has only just begun!

## 2011 #10 CWA CONFORMATION

Beau's little sister has grown up chasing his running record. Rye improved with every race meet in 2011, and earned her ARX in October 2011, in Bush, Louisiana.

Rye also showed off her looks and style in the ring, and ended the year tied for tenth in conformation.

## AWC Whippet breed disqualification description for inspection committees:

Inspection should be done before the lure is run and/or out of sight of the lure to minimize excitement during inspection. All inspection should be done in the same location.

**Bite:** Undershot shall disqualify. Overshot one-quarter inch or more shall disqualify.

**Eyes:** Blue eye(s), any portion of blue in the eye(s), eyes not of the same color shall disqualify.

**Coat:** Any coat other than short, close, smooth and firm in texture. Disqualifying characteristics include: long hair, wire hair or lack of hair with the exception of pattern baldness which is thinning or lack of coat on the thighs, underside of the neck, chest and belly.

**Measuring:** The goal for the inspection committee should be a fair measurement for each dog. Finding a quiet area, minimizing distractions and keeping other dogs and handlers back and quiet during measuring helps to give each dog and handler an equal opportunity. Measuring should be done on a flat non-skid surface or measuring board.

Ideal height for dogs; 19 to 22 inches; for bitches, 18 to 21 inches. More than one-half inch above or below the stated limits will disqualify.

- Bitch wickets shall measure 17 ½" and 21 ½".
- Dog wickets shall measure 18 ½" and 22 ½".

The inspection committee should have a measuring tape available if an exhibitor requests the wicket be measured. Both legs should be measured and the measurements shown to the owner.

Each Whippet is entitled to **two** measurements, 2 minutes per measure. If a Whippet does not measure in on the first attempt, the handler has the option of a second measurement. This must be done by the same inspection committee at the same location within the regular inspection time frame for Whippets. Any Whippet more than one-half inch above or below Standard height limits will be disqualified.

The Whippet should be stacked by the handler in a naturally alert position. Front legs should be vertical and parallel to the legs of the wicket when viewed from front and side. Hocks must be at a right angle to the board and not angled or stretched backward.

Correct front (A), side (B) and rear (C) positioning for whippet measurement

Incorrect positioning for measurement: (A) wide front, (B) extended stack, (C) wide rear.

Rear legs should be hip width apart when viewed from the rear, not placed narrow or wide.

The head must be in a natural position upward, neither stretched up in an exaggerated position, nor pulled downward. The head should be above the shoulders.

**All** members of the inspection committee should watch to be sure the dog is properly stacked.

(D) Incorrect head positioning, pushed down.

### Handling the Wicket:

- One person should handle the wicket during inspection.
- Use **one** wicket at a time, not both.
- **Do not** touch the dog with the wicket or your hands.
- Be sure the handler is done stacking the dog and ask if they are ready before proceeding with the measurement. Do not measure the dog until the handler is ready.
- Without touching the dog, bring the wicket forward from the rear, over the back and lower so the crossbar comes over the highest point of the shoulder blades (but not on the neck).

Wicket too far forward
