20TH ANNUAL CWA FUN MATCH

Judge: Phoebe Booth, Shamasan Whippets, West Redding, CT
August 23, 2013

On Monday, August 19, my sister Vicki and I embarked on a once-in-a-lifetime cross country journey by car, from Redding, Connecticut to Aldergrove, British Columbia. We hadn't spent so much time together since we were kids. I told my friends and family that it was going to be like "Thelma and Louise", hopefully without the killings and the cliff!

We hurried out West so that I could make the deadline to judge the CWA National Fun Match, and assignment that I was both thrilled and flattered to be invited to judge. We arrived by Thursday afternoon, met enthusiastically by Steve and Linda Buchholz, and their warm welcome was just the beginning of a delightful reunion and get together with old and new friends from far and wide.

Friday dawned brightly with perfect weather for such an event. Vicki set about to make herself useful in the kitchen. I had told Linda that she would be an asset, having been a caterer in a past life, and that turned out to be an understatement. While I began to sort through a beautiful entry of Whippets, Vicki put her gourmet skills to the test. I think

that the consensus was that her efforts were even more welcome than mine - after all, an opinion is just an opinion, but fine food? It doesn't get better than that!

The night before the match, Linda requested that I provide an oral critique of my placements at the time of judging and I agreed to do this with some trepidation. Because of my oral critique, I did not take notes. So apologies may be due—I am writing this from memory.

Judging performance dogs is a task I enjoy. It is gratifying to evaluate a group of Whippets who embody the standard with regard to elegance and fitness, muscular power and strength combined with grace of outline. Too often, conformation-only dogs are missing the muscular fitness element of our standard.

With this in mind, it was a very satisfying entry. There were dogs in many of the classes that earned lower placements, or even no placements, that I still greatly admired. Some classes came down to splitting hairs. I know that some of the placements may

20TH ANNUAL CWA FUN MATCH

Judge: Phoebe Booth, Shamasan Whippets, West Redding, CT
August 23, 2013

have been different on a different day. It was that close, and the dogs were that nice.

It was decided judge the Veterans first while they were rested and fresh, so my first class was the Veteran Dog 7-10 years. My winner was **CanCh Kindred Monarch Rules FCh**, a sound and very typey white and black dog that I loved. He had a wonderful head and expression, balance front and rear, excellent topline, and perfect bone. He was in very good condition. If I could have changed anything about him, I would have liked to see him stand over a little more ground. He was hard pressed by the 2nd place dog, **Am/Can Ch. Highbridge Home Ice Advantage**, who had many of the attributes of # 1, and he did have a little more length of body, but he did not have quite the angles in front, and not quite as masculine a head and eye.

First in the 10-12 year Veteran class was the brindle, **AmCh Bayleaf Black Mustard FCh TRPX DPD CGC**, a dog I know and admire very much. Although showing his age, he has the right combination of type and balance and outline. He is a lovely Veteran and a very commendable Whippet.

The 7-10 Bitch class of 10 was quite a challenge. This was a group of very deserving bitches. My First Place winner, **Am/Can Ch Nouveau's Awfully Pretty FCh**, was a very fit, black satin coated, beautifully presented bitch of outstanding type. She was rather straight in front, but with correctly bent pasterns. In spite of that, her movement was effortless. She was what I call a one-fault dog. She won this very competitive class due to her abundance of virtues, and my belief that straighter shoulders rarely im-

Judge: Phoebe Booth, Shamasan Whippets, West Redding, CT
August 23, 2013

pede an otherwise balanced running hound as long as the pasterns have some flexibility, as hers did.

Second went to **CanCh Highbridge On The Fly**, an extremely elegant brindle bitch of sweeping lines and beautiful type. She lost to the winner by only the slightest of margins on movement.

Third place was **CanCh Serendipity Skylark Fch DPCX TRPX PR2 SR OTR**, a more substantial white and fawn bitch of a little different type from the first two, but oh so balanced, with a gorgeous head and expression. Her front movement couldn't quite match the two above her, but a very worthy bitch that I could have taken home. She's the kind who could have wonderful puppies, and, in fact, I know she did!

There was only one entry in 10-12 Bitches, fawn and white **CanCh/Alt Ch Surrey Hill's Crystal Wave ARX DPCX Fch TRPX PR4** but I suspect this one would have been my winner had there been many more. Another one who was a little straighter in upper arm, but with good shoulder layback and perfect pasterns. Aside from the angle of upper arm, she had it all. She was smooth, elegant, typey and feminine. Her head and expression were wonderful. Her bone was perfect for her size. Even at her age, she was a gorgeous show dog whose many titles reflect the ideal attributes of a performance athlete.

The single 12 and over Veteran was the black **Coalby of Wyndsor ARX SRA DPCX TRP**, an old friend of mine (as was the handler!). I was thrilled to see her looking so

well at 13 plus years of age. She had all of the qualities that made an exceptional racing dog in her day: balance, soundness, lack of exaggeration, and added to that the smoothness and elegance that would have stood her well as a show dog. I am certain that if her breeder/owner had dedicated the time to show her, she could have been a bench Ch as well. Two of my favorites, Coalby and Jean—what fun it was to have them in my ring!

From there we started on the puppies. The first class was a single baby boy of barely 3 months, **Nonstopp Frehley's Comet**, a charming little brindle guy with a wonderful temperament, nice free movement, and balanced front and rear. He has a bright future.

Nonstopp Frehley's Comet

The next class, 6-9 months Dog, was a singleton entry, **Galeforce Rossa Corsa**, an attractive black masked red fawn male. He was obviously going through a growth spurt and was somewhat out of proportion on the day, with a long, too straight front, legs and pasterns, his legs looked to be growing faster than his body. That said, he had a handsome head and expression, nice topline, low

20TH ANNUAL CWA FUN MATCH

Judge: Phoebe Booth, Shamasan Whippets, West Redding, CT
August 23, 2013

hocks, and great character.

The 6-9 Puppy Bitch entry was **Mossbawn-hill Elusiv Dream**, a curvy and feminine brindle bitch of excellent promise. Her movement could have been a little steadier on the day, but she is a lovely example of a blend of UK and North American lines.

The 9-12 Puppy Bitch class of two was won by the smooth-moving **Snow Hill Mind Over Matter**. She was a good sized brindle puppy who stood over plenty of ground and didn't put a foot down wrong. She was nice blend of femininity and athleticism. I liked her a lot and predict a successful career for her in any Whippet endeavor she chooses to pursue. She was my Best Puppy. Second in the class was **Lola Hilerica Bang A Boomerang**. She was a very pretty fawn and white English style Whippet bitch of lovely type, very smooth curves, deep body, nice head, and sweet expression. She was a quality youngster. I just preferred the athletic build of the first place bitch.

The only Bred by Exhibitor dog was the black **Nouveau's Le Chat Noir**. I found out later that he was a son of the 7-9 Veteran Bitch. He was very much like her. He was a medium sized, moderate and masculine male in impeccable condition. With glistening black coat and well-defined musculature, he screamed fitness and speed. His front could have been a little sounder, but he was a powerful dog with many more virtues than faults.

There were four Open dogs and I liked every one of them. My ultimate placements came down to proportions and/or smooth move-

Snow Hill Mind Over Matter

Nouveau's Le Chat Noir

Kimera's Panama Red

20TH ANNUAL CWA FUN MATCH

Judge: Phoebe Booth, Shamasan Whippets, West Redding, CT
August 23, 2013

ment. The winner was the orange fawn **Ki-mera's Panama Red**. What a nice dog! He was a perfectly balanced moderate male with a smooth-as-glass outline, nice underline, perfect pasterns, low hocks, and a very kind expression. He won the class on his overall symmetry and sound movement. The other three males were of very high quality, but Panama Red put it all together for me.

The next class was my favorite of the day. If I liked all four Open dogs, I loved all four Bench Champions. Every one of them had qualities I found very desirable and truly admired. The winner of the class was the fawn brindle **Am/Can Ch. Whimsy's Over The Moon TRP DPC PR**, a dog I had never seen before and who satisfied virtually every one of my requisites, and more. He was elegant and smooth, with angulation completely in harmony front to rear. Everything fit together like a well-engineered machine. He was a walking example of the marriage between elegance and fitness and grace of outline. His pasterns had just the right amount of bend and flexibility, and his hocks were low and perpendicular. His underline was a smooth "S" curve. He had just the right amount of bone and substance, and, in addition to that, he possessed that certain stamp of quality and presence that is elusive and indefinable, but unmistakable when present. If I were to have changed him anywhere, I would have given him a slightly stronger, more masculine headpiece, but that was such a small want in an otherwise spectacular dog. He won a terrific class.

Second to him was **CanCh Counterpoint the Painted Abbey TRP DPC PR**, a striking,

Am/Can Ch. Whimsy's Over The Moon TRP DPC PR

sound and symmetrical white and red brindle male with excellent movement and handsome head and expression. This dog was only bettered by the first place dog in breadth and depth of brisket and front fill.

Third went to a sable red dog of slightly different type, **AmGrCh/CanCh Burnt Sienna Red Mountain TRP DPC PR RN CGC CGN**. He had very nice front fill, a deep body, and smooth outline. I preferred a little less angle of croup, and he did not have his best day in the ring, but he was a very worthy dog nonetheless.

I hated having to award any of these dogs a fourth because I so liked all of them, but I gave the final placement to the excellent black and white **CanCh Aytonfield's Devonshire Rules**. I found out later he was a son of my Best Veteran and he shared many of his fine qualities. He was a little straighter in the rear and slightly less elegant than the three above him, but he was an outstanding

20TH ANNUAL CWA FUN MATCH

Judge: Phoebe Booth, Shamasan Whippets, West Redding, CT
August 23, 2013

male that I would be proud to own.

The next class was the Race Ch class. First place went to the mahogany brindle **The Mighty Bolt of WyndSOR ARX SRA PR4 ORC**. He was a big, leggy dog whose presence was undeniable. His proportions weren't perfect and his angles rather straight (but balanced), yet he was a stallion of a dog in incredible condition. I remember commenting that this is what speed looks like—I guess I was right about that because he finished the weekend by winning the National Race Meet undefeated.

The Mighty Bolt of WyndSOR ARX SRA PR4 ORC

The DPCX class was a tough one because all of the dogs were so different. First went to the black and white **Serendipity Nighthawk ARX DPCX PR6 FCh SRM OTRM2 TRPX CGC** on the basis of his complimentary angles front and rear, nice and smooth "S" curved outline and underline and his overall soundness. He could have used more neck and elegance, but he was an honest, good moving dog. Second went to **AmCh Wegner's Fly Me To The Moon ARX DPCX TRP**, an elegant, smooth and sound dog of good quality. The placements were close, but I preferred the bone and the slightly more angled front of #1. Third and fourth were excellent, upstanding powerful dogs. I felt that both of them could have had their fronts set under them a little more, but both were very handsome and masculine.

Serendipity Nighthawk ARX DPCX TRPX PR6 FCh

The winner of the Altered Male class was another one of my favorite dogs of the day. The orange brindle **Am/Can Ch Whimsy's Swiftsure Cruzan Gold** was a big dog, and oh so impressive. He was a dog I would breed to if he weren't altered! I felt he had

Am/Can Ch Whimsy's Swiftsure Cruzan Gold

20TH ANNUAL CWA FUN MATCH

Judge: Phoebe Booth, Shamasan Whippets, West Redding, CT
August 23, 2013

a lot to give away in bone and substance, but he was very correctly made. He carried slightly more head than I consider ideal, but it suited him so well with his long and strong neck that flowed into his excellent front and shoulders, deep and broad body and powerful and muscular quarters. His movement was ground covering and fluid. I loved this dog. The second place dog was a very deserving **CanCh Surrey Hill Diablesse Dit Champignons**, who I would have been happy to award first in many classes I have seen. He was unfortunate to have to meet Cruzan Gold on this day. The third place dog, **Kinley RN** was not as competitive as the first two, but he was a handsome fellow of very nice type. Both his head and expression were wonderful.

The Bred by Exhibitor Bitch winner was the lovely smooth and feminine fawn and white, **Specially Precious Forbidden Fruit**. She was very European in look and I later found out that she was from Finland. She was an excellent bitch with a beautiful outline, four good legs, sound gait, and was very well presented.

Both Bench Ch bitches were of extremely high quality. I gave the nod to **Am/CanGCh Whimsy's Swiftsure Kilo Kai TRP DPC PR**, a fawn brindle and white sister to Cruzan Gold. Kai was an exceptional bitch. She was perhaps a little more bitch than I usually prefer, but so very well-made. She was clean and smooth with great angles. Structurally she was close to flawless, and her foot timing was impeccable. There was little I would have changed about her, maybe given her a little more reach in front and a touch more refinement. The bitch she de-

Highbridge Carrera ARX TRP PR

20TH ANNUAL CWA FUN MATCH

Judge: Phoebe Booth, Shamasan Whippets, West Redding, CT
August 23, 2013

feated was **CanCh Highbridge Firebird TRP DPC PR**, a really nice brindle bitch with sweeping lines and feminine elegance.

The winner of the Race Ch Bitch class was **Highbridge Carrera ARX TRP PR**, sister to Firebird, and an elegant bitch of excellent type. She was a little straight in upper arm, but had plenty of length of body, was balanced front and rear, with enough bone for her size and build. Both her head and expression were very appealing. The second place bitch was equally sound, but I preferred the length of body, substance, and stronger muzzle of the winner.

First place in the DPCX Bitch class was **CanCh Fireworks Raspberry Ripple ARX DPCX TRP PR OTR SRM**, a typey orange and white bitch with a very nice head, plenty of body, well sprung ribs, excellent bone, smooth flowing lines. Her rear movement could have been a little stronger.

There was a lot of quality in the final class I judged, the Altered Bitch class. The first place bitch didn't look her best at first, having been stung just before entering the ring, but she recovered quickly and looked better and better. **Windfall's Belissima** was a mostly white bitch with some brindle markings, who could easily have finished her Ch. She had lovely "S" curves, excellent body and bone, spring of rib, and athletic build and nice movement. She was feminine and possessed a very nice head and expression. Initially, her topline was a little extreme, understandable since she had been stung, but by the end of the class, she was obviously feeling better, and she settled down and looked very nice. I liked her a lot.

Windfall's Belissima

With the final class judged it was time to select the ultimate winners. I narrowed the field down to the Altered dog, the Champion dog, and the Open dog, along with the Bred By bitch, the Champion bitch, and the Altered bitch. I was very happy with the finalists.

With more consideration, I called out the Champion dog and the Champion bitch.

Both of them ticked all the boxes for me and showed beautifully, so it came down to nit-

20TH ANNUAL CWA FUN MATCH

Judge: Phoebe Booth, Shamasan Whippets, West Redding, CT
August 23, 2013

picking. On this day, I selected the handsome, upstanding dog, **Am/CanCh Whimsy's Over The Moon, TRP DPC PR** for he never put a foot down wrong, both standing and moving. The Ch bitch **Kilo Kai**, was BOS.

Best Veteran was **CanCh Kindred Monarch Rules FCh**, and the Best Puppy, **Snow Hill Mind Over Matter**.

My congratulations and thanks to all of the participants. You should be proud of all of these Whippets, who, for me, typified the most important elements called for in our breed standard. They were elegant, fit, mus-

cular and sound sporting hounds. This was a top quality entry and a truly memorable day for me.

My gratitude also goes to everyone who came from near and far, and brought these wonderful Whippets for me to see. You exemplified true and gracious sportsmanship, and made my sister Vicki and I feel so welcome. Thank you.

11TH ANNUAL CWA NATIONAL

Abbotsford, BC

August 24/25, 2013

The weekend's events started off with the fun match in the park-like setting of Steve and Linda's back yard. The weather was playing nice with mixed sun and clouds and very mild temps. There was plenty of room for people to sit and watch all the lovely entries make their way in the show ring.

We had a great turn for the annual match, with over 60 entries. Our match judge Phoebe Booth did a great job working through all the classes and giving a verbal critic to ring-side on how she chose her class placements and winners. The verbal critic was very well received by crowd, as it was a treat to hear first hand how the judge came to her choices. I won't go into detail on class winners and placements as you will find the full results elsewhere in this newsletter.

Following the match was a welcome party BBQ, which had a great spread of sausages, burgers and other very yummy eats. Food was one of the big themes for the weekend as there never was a shortage of wonderful

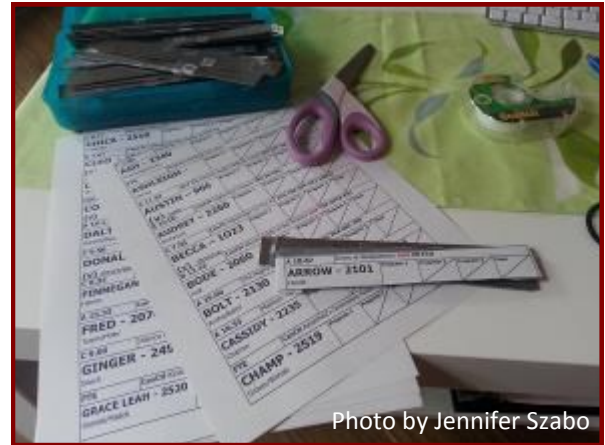

Photo by Jennifer Szabo

things to eat. A big thank you to all the cooks out there who worked hard at making all the lovely food we were able to enjoy over the course of the weekend.

Saturday morning came not so bright but very early. The sun seemed to be hiding behind some rather grey and dreary clouds, and with them came a nice helping of rain/mist that came and went for most of the morning and into the afternoon. So needless to say by the time the sun came out in the afternoon everything and everyone was rather damp. The weather gods did a great

Abbotsford, BC

August 24/25, 2013

Still life with wet socks (photo by Laura Baratta)

job setting the scene for a very authentic Vancouver weather (clouds/mist/rain/sun). Thankfully the sun did make an appearance in time for lunch and the rest of the day's events.

I can't say enough how surprised I was at the size of our entry. With the closest CWA club 1000 miles away, we really weren't expecting our entry to get as big as it did. So we were thrilled when the entries came flooding in as the deadline loomed. Sadly a few of the girls had very untimely seasons just days before the meet and had to sit out the weekends events.

Once check in/inspection was done, the board was set and we were ready to roll. We started the day with 65 adults, which broke down into 13 races of 17 As, 11 Bs, 24 Cs, 8 Ds, and 5 FTEs, plus one puppy. We also had 5 Legends who ran in two heats after the third program. It's always a special moment watching the oldies have their special national run.

Our paddock master Terry did a great job collecting everyone and sending them down the field for their races. His efforts really kept things rolling so we could get through the day in such a timely manner; a big thank

Coalby winning the Legends race (photo by Karen Greenwood)

11TH ANNUAL CWA NATIONAL

Abbotsford, BC

August 24/25, 2013

you as well to everyone who helped out by having their dogs dressed and ready on time.

We had many very close races throughout the grades, with our FTE racers Ashleigh, Puma and Champ having a stellar debut. All three won their first races, then continued to work their way up the board each program. These three were really battling it out for those top ARX points; they all drew some very tough races with seasoned race champions and held their own.

So coming into the final program, we had Puma with 13 points in the high point, Ashleigh with 12 points in the semi and Champ with 12 points in the race before the semi. Puma was sitting very comfortably in the high point, as all he had to do finish the race to earn points, only depending on how Ashleigh and Champ did in their races to determine which set of points he would get.

Champ had a great final run winning his race to finish with 15 points. Next up was Ash-

leigh, who could match that 15 score if she finished second in her race, but she was having none of that and won her race outright to set the bar very high for the top set of seven ARX points.

Puma would have to finish fourth in a very tough final high point to match that score. He came across the line last, which meant that he and Champ would split the middle two sets of points to take home 4 points each. Some very impressive FTE racing by these three dogs running A scores their first time out; it is going to be a lot of fun to

11TH ANNUAL CWA NATIONAL

Abbotsford, BC

August 24/25, 2013

watch their careers unfold.

The bottom one point was also hotly contested between the three little girls Uschi, Hana, and Olive. All three had some very fast finished dogs in their races spoiling their chances to get more points. In the end, all three tied to split the bottom point, each taking home .333 points for their hard fought efforts.

The race for the meet win was shaping up to be another clean sweep by the Mighty Bolt, who was showing everyone just how it is done. Bolt put together four very impressive runs to take home his third CWA National race meet win.

Now the race for second though fifth place was very tight, with Max with 16 points, Marshall with 15, Cassidy with 14.5 and Kazi with 14. What an epic battle between these half sibling/cousins/relation of some sort....

When the dust settled we had the three brindles Bolt, Max and Kazi taking the top three spots followed by the brown dogs, Cassidy and Marshall in fourth and fifth respectively.

We did break for lunch between the third and fourth program. In usual Racing for Food fashion we had a top-notch spread of salads, desserts and appetizers to go with chicken salad sandwiches. Everyone had very full plates and despite our fears coming into the weekend that we would not have enough food to go around, there was no shortage of food.

National Meet Winner — Bolt

Second in Meet — Max

Best Opposite Sex — Cassidy

11TH ANNUAL CWA NATIONAL

Abbotsford, BC

August 24/25, 2013

The winner of the highly coveted National Potluck Award was Kerie Swepston, with her Massaged Kale and Quinoa Salad.

During lunch we also drew tickets for the raffle; thank you to everyone who supported the raffles with donated items and ticket purchases.

Once the racing was over, we moved on the match, judged by Guinevere Borstel, who came all the way up from California without even bringing a dog to run. She had 21 lovely entries to choose from. When the dust settled, Friday's Annual Match winner Murphy was at the front of the line, followed by Reba, Sage, and Monarch. It was particularly noteworthy that Phoebe's choices from the day before for Best in Match, Best Veteran, and Best Puppy were all represented in the final four in the National match! Reba won the coveted National Race Meet high score combined award.

Once everything was wrapped up at the field it was time to head back to Camp Swiftsure for the Salmon BBQ feast and awards presentation. Of course there was another stunning spread of food to stuff our selves with. Thank you to our BBQ chefs for doing such a great job cooking everything to perfection.

Salmon waiting to hit the grill! (photo by Linda Buzhholz)

National Potluck Award Winner

Massaged Kale and Quinoa Salad

Ingredients:

- 1 bunch fresh kale
- 1 c. uncooked quinoa
- 1 cucumber
- 8 oz. cherry or grape tomatoes
- 1/4 red onion
- 1/4 c. toasted pine nuts
- 2 chicken bouillon cubes
- 2 c. water
- 2 Tbsp. lemon juice
- 1 tsp. olive oil
- Feast from the East Sesame Dressing to taste—approx. 1/2 c. (available at Costco seasonally)

Directions:

- Prepare quinoa—place 1 c. uncooked quinoa, 2 c. water and 2 bouillon cubes in medium saucepan. Bring to boil, reduce heat, cover and simmer 20 minutes until moisture is absorbed. Fluff with fork, cool.
- Massage kale—chop kale in bite size pieces, removing large stems and veins. Place in mixing bowl. Add 2 Tbsp. lemon juice and 1 tsp. olive oil. “Massage” (mix with your hands) liquids in to kale leaves for a couple of minutes, until leaves look like they are taking in the liquid and tenderizing. Set aside at least 10 minutes.
- Chop cucumber, halve the tomatoes, thinly slice red onion.
- Toss vegetables, cooled quinoa and pine nuts with kale.
- Dress to your liking.

- Submitted by Kerie Swepston

Photo by Szabo

We had a large pile of awards and trophies to hand out along with some very special rosettes. Thank you to Linda and Laura for doing an outstanding job collecting and organizing an impressive array of prizes, ribbons and logo items. It was a great evening with lots of loot handed out and another great raffle drawn, but soon it was time to pack it in for another early morning and long day of racing.

11TH ANNUAL CWA NATIONAL

Abbotsford, BC

August 24/25, 2013

Day two of racing started out with much better weather, all sun with a few clouds and no rain in the forecast. It was perfect weather for racing, sunny but not too hot for the dogs or people. We had a few less dogs, with "only" 55 adults and 1 puppy rac-

ing. We quickly got to checking and inspecting everyone so we could start another fun day of racing.

Sunday's grade breakdown worked out to 14 As, 9 Bs, 19 Cs, and 13 Ds. So despite having fewer dogs it still worked out to the same number of races in the first program as the day before. Of course we had just as many close tight races throughout the grades.

Once again we had the Mighty Bolt running away with the meet, with Kazi, Marshall and Max each taking turns running a close second to him in the high point races. As a result we had another close points race between these boys coming into the final program. The final program finished with another stunning performance by Bolt, to claim the meet win undefeated. Following him was Kazi, Marshall, Max and Ursula who would finish in that order.

The race for ARX points was another interesting one with yesterday's FTE Ashleigh having another great day of racing and looking to be a sure bet for top points, as she came into the final semi with 11 points and

just needed to at least place to get some share of the ARX points.

We also had Champ and Reba sitting at 10 points, but looking like they might have worked themselves a little too far up the board. However, depending on how others did, they still had a shot at the points. The next contenders were Uschi with 8.5 points and Mia with 8 points, both having worked the board to their advantage and drawing races in which they had a good chance of placing. The finish worked out fairly predictably, with Ashleigh winning her race to claim the top set of ARX points – what a great first weekend for this little speedy girl, with 13 ARX points in just two meets!

Mia also won her race to take home the second set of ARX points, to bring her ARX point tally to 13 as well. Uschi had a tough race with Loon playing the spoiler, but even with the second place finish, she was able to claim the third set of ARX points. Both Champ and Reba did end up not having the board work in their favor, with too many spoilers in their races blocking their chance for additional meet points, but nevertheless, both had enough points overall to tie

for the bottom ARX point.

We followed the same pattern as the day before, and broke for lunch between the third and forth programs. Once again the food was to die for and to top it off we had the bonus of leftover BBQ salmon from the night before to go with all the other very yummy things to eat. We had another well-supported raffle with lots of great stuff offered up to the lucky winners.

Sunday's match judge was Mary Downing, who had a nice sized entry of 11 whippets to choose from. Her match winner was Niko, followed by Reba, Max, and Sage. Sunday's high score combined winner was Max.

Okay now for the THANK YOUS to all those hard workers who made this weekend happen. It really was a team effort and you all are an awesome team to work with. Weekends like this really make all the hard work so worthwhile.

Grateful THANK YOU to...

...Linda and Steve Buchholz for opening up their home and yard to all of our out-of-town guests, and giving us such a lovely venue for our fun match and BBQ dinners.

...Peter Szabo, our lure operator – only ONE rerun all weekend and that was due to mechanical failure.

...Randy Greenwood and Steve Buchholz on boxes.

...Lorna Leinbach, the "box whisperer" and dog loader extraordinaire.

11TH ANNUAL CWA NATIONAL

Abbotsford, BC

August 24/25, 2013

...Terry Pope, our wonderful paddock master with that great booming voice that kept things moving.

...Violet Molnar, who returned the lure all weekend and assisted those in need catching.

...Nancy Szabo, our head line judge who kept Karen Greenwood, Ellen Kerfers, Jessica Payne Greenwood (and BFF Brittany), Elaine Nakatsu, Jennifer Scholz Hughes, Janet Stritychuk and Emily Szabo focused (which was sometimes no easy task!).

...Penny Wilmot, Steve Buchholz, Carole Krueger, Mary Huff, Laura Baratta for foul judging.

...Beth Levine for helping me all weekend with the board draw and set up, and for taking all the heat for calling out the “wrong” box numbers for those poor side-preference dogs out there.

...Steve Buchholz, who went to the field on Thursday and measured out the track, which saved us a great deal of time setting up.

...Measuring crew – Laura Baratta, Jenn Hughes, and Emily Szabo – got the job done with all those dogs!

...Steve Buchholz, Howard Wirsch, and Peter Szabo got the field set up in record time.

...All those that helped set up and take down. Everyone pitches in and we really appreciate it.

...Laura Baratta for doing such a great job with the logo and the logo items. Everyone is going to be looking good in their new shirts and hoodies for some time.

...Linda Buchholz for collecting all the great prizes and all our generous donors who made these awards happen.

...BBQ chefs Howard Wirsch, Randy Greenwood and Peter Szabo for perfectly cooked salmon and chicken. We are forever in debt to Sheri Bakes and her Dad for the most amazing salmon bounty! The Saturday BBQ was a huge success thanks to all your efforts.

...and especially a BIG thank you to everyone who came from near and far and supported the weekend’s events. We couldn’t do it without you, and wouldn’t want to! Thank You!!!

2013 CWA National Race Meet Match Critique — Guin Borstel

National match line-up: Judge Guin Borstel and #1 Murphy, #2 Reba, #3 Sage, #4 Monarch

I was very happy to be invited to judge the match after the CWA National Race Meet. Worry set in almost immediately as usual. What if no one entered? What if only four dogs entered and they were all terrible? When I heard that Phoebe had a huge entry for the Annual Match, I worried even more.

So, when I walked into my ring and saw 16 whippets there before me, I was overjoyed, and even more so when I realized that this was just the males. I had a beautiful entry of 16 dogs and six bitches to go over. In California that would be a four point major!

In the males, I would have been happy to cut eight instead of the four I had to go with, the entry was that strong. I kept in four beautiful representatives of the breed, all a bit different in style, but correct under the standard. I was quite impressed by the balanced movement shown by the majority of the dogs in my ring. There were only a few who were unsound coming or going, and only one who exhibited the dreaded breaking at the pasterns on the side. As per usual, there was a variety of topline in

evidence, but again only a few that I would classify as faulty.

In bitches, the entry was smaller, but no less strong. I kept in four lovely ladies, who were all correct in movement and breed type. I did have a few bitches in my ring who were a bit "old fashioned" and short in topline. I had one little beauty who could have walked right out of the pages of my copy of the NCWFA Handbook of Whippet Pedigrees from 1965, she was such a blast from the past. I accused her breeder of cloning, as he had three generations of almost identical ladies dressed in varying shades of fawn and red fawn with him.

My four winners were as follows:

1) Ch. Whimsy's Over The Moon - a lovely mature fawn brindle irish marked male. This dog was well muscled but smooth. He stood over the proper amount of ground with sufficient leg under him. He had moderate, matching angulation front and rear, and due to this, he moved smoothly and with great balance. He had a beautiful front assembly and an outstanding neck into shoulder. He also ticked several of

11TH ANNUAL CWA NATIONAL

Abbotsford, BC

August 24, 2013

the icing on the cake boxes, having a nice dark eye, a long, elegant head with enough back skull so as not to look like a lawn dart, and a pleasing expression. I would have liked to see this dog carry a scoche more topline both standing and moving, but all in all, this is a dog I would be proud to say I had bred.

2) GCh. Shamasan Island of Imagination - a beautiful, red bitch with white trim. This bitch excelled in smoothness of finish. Going over her was like touching an iron hammer in a velvet glove - she was in incredible condition. Like the dog in front of her, she stood over the proper amount of ground with the correct proportion of leg. She was a little more extreme in her angles, but she moved with perfect timing and soundness from all angles. A properly set front, showing beautiful fill without forechest, completed an attractive picture. She too had a lovely head and eye, with excellent underjaw. Her handler moved her a bit too fast for my liking, but since the bitch was able to move at this speed without hitching or popping, I let it go. :)

3) Snow Hill Mind Over Matter - a twelve month old fawn brindle irish marked bitch. This little bitch is quite similar in style to the first place dog. Since they are both half family Plumcreek, this is not surprising. Although young and still quite puppy-ish in some respects, this bitch moves with great soundness and suppleness. She carries more rear angle and second thigh than the two dogs ahead of her, but she was able to use all that rear to good effect on the move. She needs to mature in body, as she was a bit lacking in front fill at this moment. If I was going to change anything on this girl, it would be to fix the planes of her head, which are little off. She has a pleasing expression and lovely earset which helps overcome her wonky head planes.

4) Can Ch. Kindred Monarch Rules Can FCh - an eight year old white and black particolor dog. This one tugged at my heartstrings! He looked

so familiar to me, and after judging I was pleased to learn that he was a descendant of two of my favorite whippets, Locar's Martini on the Rocks and Locar's Clyde the Glide. This dog had possibly the best topline I saw all day, even though he has one of those horrible markings coming over his back which makes it look like he has a dip. This dog's movement was textbook daisy clipping and free. He had a beautiful front and neck into shoulder with a lovely smoothness all over. His head and eye were exemplary; so pretty! Had he not been showing his age a bit, probably due to running four programs, he may have swept the whole thing.

Sailaway Time Traveller

ARX DPCX NARX₂

Max is pictured with all his loot from the National. I'm still smiling over the fact that he placed second in the meet and was High Score Show Champion. That was quite a day for me. To top it off, to have his brother London (Sailaway London Calling ARX) owned by Lorraine Andrusiak place in the top 10 was the icing on the cake!

Sailaway Whippets (Perm Reg'd)
